

# PATIENT RECORD OF DISCLOSURES & MEDICAL INFORMATION WAIVER

In general, the HIPAA privacy rule gives individuals the right to request a restriction on uses and disclosures of their protected health information (PHI). The individual is also provided the right to request confidential communications or that a communication of PHI be made by alternative means, such as sending correspondence to the individual's office instead of the individual's home.

In an effort to provide you with timely information regarding your health care, we are asking that you complete this waiver. Please provide us with phone numbers where you would like us to **contact you with test results and medical information.**

The Privacy Rule generally requires healthcare providers to take reasonable steps to limit the use or disclosure of, and requests for PHI to the minimum necessary to accomplish the intended purpose. These provisions do not apply to uses or disclosures made pursuant to an authorization requested by the individual.

*Note: Uses and disclosures for TPO may be permitted without prior consent in an emergency.*
